Fence Reconstruction within the Upper Grande Ronde Watershed Project
Project # 216-8205-14355
Exhibit D
Post-Implementation Status Report

1) Assessment of Project continuing to meet goals specified in the Grant Agreement

The *Fence Reconstruction within the Upper Grande Ronde Watershed Project* was completed in 2017. This project resulted in more secure livestock and elk fencing to protect recovering riparian areas within the Upper Grande Ronde. Much of the area has had recent restorative action including riparian planting. Many of the fences were over 20 years old and were in varying stages of deterioration. Pods were in need of heavy maintenance to better protect planting investments made during restoration activities. The project as completed meet the goals specified in the Grant Agreement.

2) Information or materials required by the Grant Agreement Exhibit B Conditions of Agreement

There were no special conditions required for this project.

3) A description of any maintenance or modifications made since Project completion or since the last Status Report, whichever was last.

There was no maintenance or modifications made post project completion.

4) An accounting of any costs associated with Project maintenance and reporting to the Board.

Normal annual fence maintenance was completed in 2018 following the work completed in 2017. Costs incurred are listed below.

Ungulate Pods: Approximately 12 days of maintenance was completed on pods utilizing a 4 person USFS crew @ $500 per day ($6000).

Livestock Riparian Exclosure Fence: Approximately 10 days of maintenance was completed on riparian fence utilizing a two person USFS crew @$250 per day ($2500). Permittee maintenance of riparian fence was completed prior to livestock turnout. Costs are not known but estimated at five days @$150 per day ($750).

All Ungulate (Elk) Fence: Approximately two days of maintenance was completed on riparian elk fence utilizing a two person USFS crew @$250 per day ($500).

5) A summary of any public awareness activities related to the Project undertaken since Project completion or since the last Status Report, whichever was last.

There were no public awareness activities related to this project since project completion.

6) Lessons learned, if any, from the Project.

There were no lessons learned from this project.
